“ Ampcus Cyber, part of the Ampcus group, has experienced significant growth in Fairfax County since it was founded in 2004. Leveraging Northern Virginia’s renowned thriving tech ecosystem, robust infrastructure and talent pool, we continue to expand our operations in Fairfax County, capitalizing on the region’s cybersecurity’s assets, talented workforce, the hub of innovative companies and government and industry organizations. Moreover, we are committed to the local community by supporting initiatives to grow the Northern Virginia’s cyber and tech ecosystem. ”

Ann Ramakumaran
Founder and CEO, Ampcus Group of companies

“ For more than 20 years, Carahsoft has proudly called Virginia and Fairfax County home. In addition, many of our technology partners, including hundreds of cybersecurity and related IT companies, plus members of the Defense Industrial Base, are also located in this area due to its proximity to Washington, D.C.. Since our founding, we’ve continued to grow and expand from a small office to today’s Carahsoft Conference & Collaboration Center in Reston, our 180,000 sq-ft state-of-the-art meeting facility where we host hundreds of events for government, industry and community attendees each month. We’re pleased to be a part of this vibrant technology community in Fairfax County and look forward to continuing to grow here. ”

Craig Abod
Founder and President, Carahsoft
